COMMON ALTITUDE

CIVIC + COMMUNITY DISCUSSION

A proposed art fair and exhibition with a public welcome.

ORIGINAL CONCEPT GRAPHIC

Artist pay and free public access

The proposal budgets creative work and core art access. Measure both outcomes.

- Free core art discovery.
- Paid artistic and educational contribution.
- Accountable operations and truthful outcomes.

Proposed creative fees

The project has awarded no commission or grant.

$200,000

Artist/program-fee envelope

12

Direct-artist salon targets

$30,000

Combined proposed salon stipends

Visitor access before and during the fair

Access requires information, usable routes, trained staff and suitable programs.

Before arrival

Clear free/paid information, transport and access/sensory details.

At the site

Approved accessible routes, rest/help and trained staff.

In the program

Free learning, appropriate making and paid local leadership.

Site approval and neighborhood effects

The property has construction and tenant constraints. Confirm each usable area.

Approvals

Actual use, capacity, life safety and required inspections.

Boundaries

Owner, tenants, contractors, concourse and public realm.

Neighbors

Sound, hours, arrival, loading, waste and factual contact routes.

Local artist and community roles

Ask communities about the work and pay for accepted contributions.

Paid listening

Ask communities about the brief before finalizing it.

Cultural authority

Relevant artists/communities lead their own representation.

Independent selection

Commercial underwriting does not buy the program.

Proposed seven-day program

The August 9–15, 2027 planning week has no city approval.

PROFESSIONAL

Two orientation/preview days.

PUBLIC

Five free-core-art days, talks and making.

CLOSE

Restoration, settlement and evidence-led reporting.

Artist, public and operating results

Report direct measures with methods. The plan uses no economic-impact multiplier.

Artist value

Fees, completed sales and settlement performance.

Public value

Access, participation, learning and local feedback.

Operating value

Incidents, restoration, complaints and corrective action.

Funding and opening conditions

The base income model includes $0 in public grants.

$0

Public grants in base income

G1

Site feasibility before promises

G7

Required readiness before opening

Agency and community questions

The project seeks guidance on the process. It has submitted no application.

Applicable process

Correct agencies, use/permit path and review timing.

Public fit

Meaningful local benefit and eligible program scope, if any.

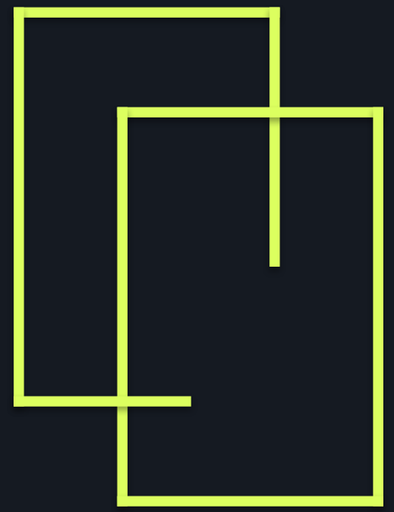

Concerns early

Construction, access, community, noise and public-realm issues.

Coordination and evidence needs

Identify the responsible agencies and the evidence they need before the project proceeds.

- No implied city endorsement or funding.
- No unapproved public-property use.
- Return with specific site, team, finance and public-benefit evidence.

Sources and unresolved conditions

The repository links dated guidance and venue research.

- Denver event/arts-program guidance. ADA/WCAG design references.
- Exact footprint, lawful use, capacity and construction availability remain unresolved.
- Public-program partners and accepted roles require separate agreement.
