COMMON ALTITUDE

OFFICE OF THE IMPOSSIBLE
Denver Art Fair & Exhibition
Proposed August 9–15, 2027

ORIGINAL CONCEPT GRAPHIC

Give the address a cultural life.

A bounded art activation designed to serve the project and the people who make art.

A reason to visit

Exceptional work and artist-authored rooms create a compelling destination.

A useful market

Collectors meet trusted sellers, with time, context and dependable service.

A public welcome

Free core art discovery and paid local creative participation.

The ordinary becomes extraordinary.

An office complex becomes an art fair, exhibition, workshop and place to encounter what is possible.

COMMON ALTITUDE is the master brand.

OFFICE OF THE IMPOSSIBLE is the proposed first-edition theme.

Artist authorship and buying confidence lead the experience.

One coherent edition.

Room to grow.

60 programmed rooms or equivalent spaces is the proposed core—not a surveyed floor plan.

24 Gallery presentations

12 Direct-artist salons

6 Signature briefs

18 Learning, common and support

Trusted sellers

Seller authority, clear invoices, condition and provenance.

Real follow-through

Appointments, delivery coordination and completion records.

The organizer model.

Illustrative core proposal; no funding, fees or demand is validated.

Services

Documented incremental services with budget, responsibility and cost control.

Participation

10–20% of defined distributable event profit; model comparison uses 15%.

$7,275	15% initial owner-share comparison
$15,750	Cumulative comparison only if claims hold is fully released

Current published direction is rental housing plus retained office use; confirm the specific phase with the owner.

An excellent cultural experience and credible public narrative.

Qualified interest

Separate opt-in residential/commercial inquiries, with agreed follow-up.

Construction protection

No unsupported whole-building access or schedule interference.

Fund the evidence.
Then fund delivery.

Experienced delivery, site and city interfaces; role open.

A controlled project.

The reported construction period overlaps summer 2027. Availability must be established, not assumed.

Approved use

Actual footprint, occupancy, egress, access and inspections.

Defined boundaries

Tenants, contractors, concourse ownership and possession.

Public accountability

Paid artists, access, local coordination and truthful funding claims.
