Find the right partnership.

Start with business objectives and a specific funded chapter, not a generic logo placement.

- Agree the audience and useful outcome.
- Scope rights, cost and delivery evidence.
- Commit only after the required site and funding gates.

A proposal with visible assumptions.

No sponsor, hospitality partner or artist has accepted participation.

- Package prices and audience targets are original unvalidated assumptions.
- Primary research, business plan, marketing plan and cash model accompany the deck.
- Approved images/marks and actual agreement details belong in the release copy.
