COMMON ALTITUDE

CIVIC + COMMUNITY DISCUSSION

A proposed art fair and exhibition with a public welcome.

ORIGINAL CONCEPT GRAPHIC

More art in people's lives.
More income in artists' hands.

The event must create useful local value, not merely an impressive temporary image.

- Free core art discovery.
- Paid artistic and educational contribution.
- Accountable operations and truthful outcomes.

Proposed paid creative contribution.

Illustrative envelopes; no commissions or grants awarded.

$200,000

Artist/program-fee envelope

12

Direct-artist salon targets

$30,000

Combined proposed salon stipends

A credible public welcome.

Access is operational, not simply a slogan.

Before arrival

Clear free/paid information, transport and access/sensory details.

At the site

Approved accessible routes, rest/help and trained staff.

In the program

Free learning, appropriate making and paid local leadership.

Respect the site and the city.

The proposed property is a construction/tenant environment until evidence shows what can be used.

Approvals

Actual use, capacity, life safety and required inspections.

Boundaries

Owner, tenants, contractors, concourse and public realm.

Neighbors

Sound, hours, arrival, loading, waste and factual contact routes.

Local authorship matters.

Institutional names do not create agreement or permission.

Paid listening

Community concerns inform the brief before it is fixed.

Cultural authority

Relevant artists/communities lead their own representation.

Independent selection

Commercial underwriting does not buy the program.

A proposed seven-day program.

August 9–15, 2027 remains a planning week, not a city-approved date.

PROFESSIONAL

Two orientation/preview days.

PUBLIC

Five free-core-art days, talks and making.

CLOSE

Restoration, settlement and evidence-led reporting.

Report results that mean something.

No unsupported economic-impact multiplier.

Artist value

Fees, completed sales and settlement performance.

Public value

Access, participation, learning and local feedback.

Operating value

Incidents, restoration, complaints and corrective action.

Public grants are not the base case.

The commercial proposal must stand on a lawful funded structure.

$0

Public grants in base income

G1

Site feasibility before promises

G7

Required readiness before opening

What we want to learn.

This is a coordination discussion, not a submitted application.

Applicable process

Correct agencies, use/permit path and review timing.

Public fit

Meaningful local benefit and eligible program scope, if any.

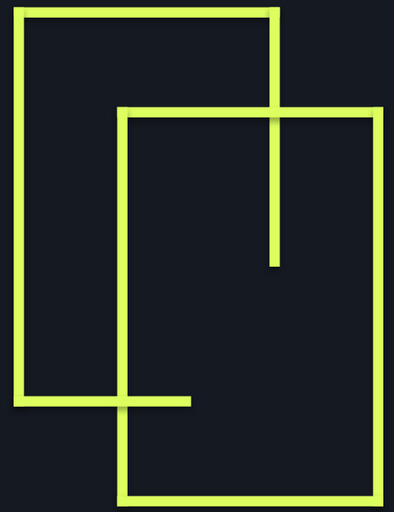

Concerns early

Construction, access, community, noise and public-realm issues.

Help define a responsible path.

If appropriate, identify the correct coordination route and evidence needed before the concept proceeds.

- No implied city endorsement or funding.
- No unapproved public-property use.
- Return with specific site, team, finance and public-benefit evidence.

Current evidence and unresolved conditions.

Dated primary guidance and prior venue research are in the repository.

Denver event/arts-program guidance; ADA/WCAG design references.

Exact footprint, lawful use, capacity and construction availability remain unresolved.

Public-program partners and accepted roles require separate agreement.
