COMMON ALTITUDE

TEAM + CO-PRODUCER DISCUSSION

A demanding creative project deserves a funded team.

ORIGINAL CONCEPT GRAPHIC

The founding functions.

Proposed roles—not proof of accepted hours or production capacity.

Artistic + relationships

Curatorial thesis, artists, galleries and market credibility.

Product + program

Digital/service requirements, evidence and cross-functional coordination.

Brand + design

Positioning, identity and coherent physical/digital communication.

The first essential additions.

Competence and actual availability matter more than a celebrity name.

Executive producer

Comparable complex-venue delivery; authority and stop rights.

Collector lead

Qualified demand, appointments, seller conversion and service.

Finance/controller

Cash, restrictions, contracts, reconciliation and independent challenge.

Pay for defined work.
Add upside thoughtfully.

The model is funded professional scopes with optional defined performance/profit participation.

No indefinite unpaid-production expectation.

Classification, fees, rights, milestones and cancellation agreed.

Founder equity and an event bonus are different matters.

A bounded discovery stage.

No engagement begins without scope and usable funds.

$75,000

Discovery underwriting target

$70,000

Defined work envelope

6 weeks

Proposed evidence/decision period

Later core fee envelopes.

Scope illustrations, not offers, salaries or unlimited hours.

$260,000

Core-team delivery fees

$200,000

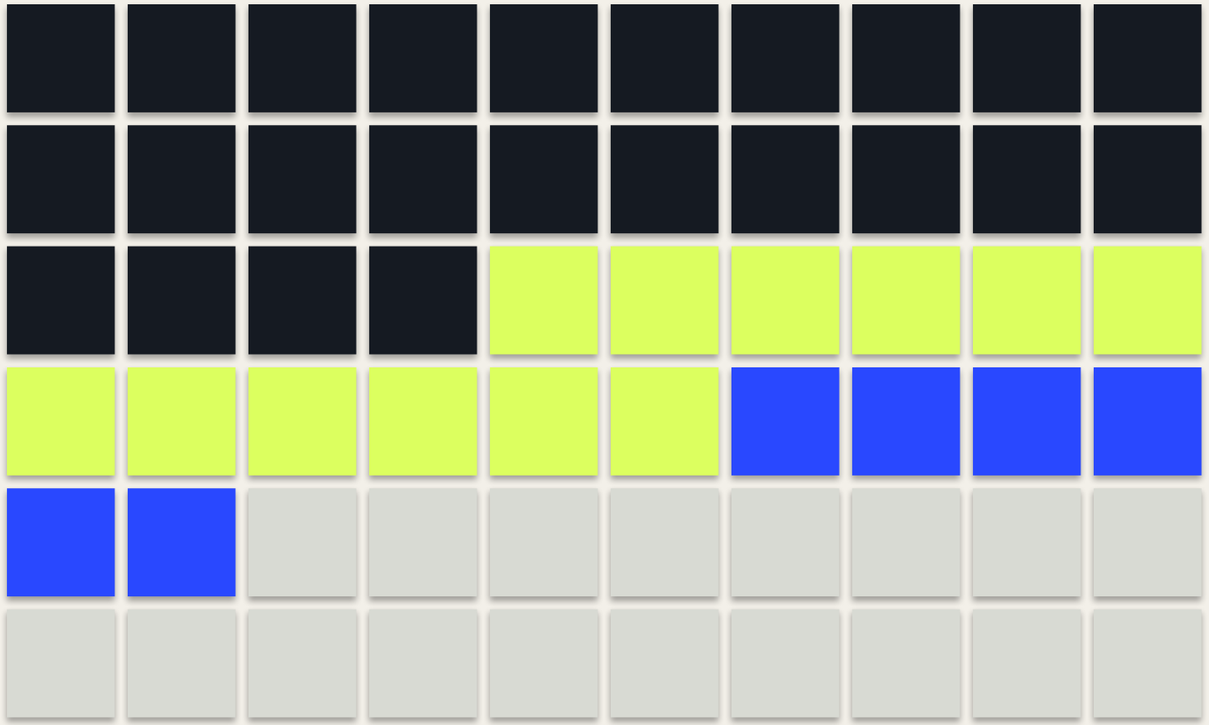

Artist/program fees

$1,550,000

Total proposed core cost

A complex site, sized to evidence.

Core planning unit: 60 functional spaces, with contained/expanded alternatives.

24 Gallery rooms

12 Artist salons

6 Signature briefs

18 Learning, common and support

CONCEPTUAL FUNCTION GRID / NOT A SURVEYED FLOOR PLAN

Professional partners to investigate.

Research candidates only; no appointment or endorsement.

Two Parts

Potential production discovery.

Jensen Hughes

Potential local code/accessibility/fire scope.

UOVO Denver

Potential art-handling/logistics scope.

Decisions before irreversible exposure.

Actual source, cash and site evidence control the calendar.

G0–G1

Fund discovery; establish site feasibility.

G2–G3

Accept delivery roles; prove launch finance/site path.

G4–G5

Fund/clear program and authorize build.

G6–G7

Rehearse, inspect and open only ready approved areas.

A week designed for different needs.

Proposed August 9–15, 2027, with preparation/restoration separately funded.

PREVIEW

Orientation and professional attention.

PUBLIC

Five days of free core art and optional deeper programs.

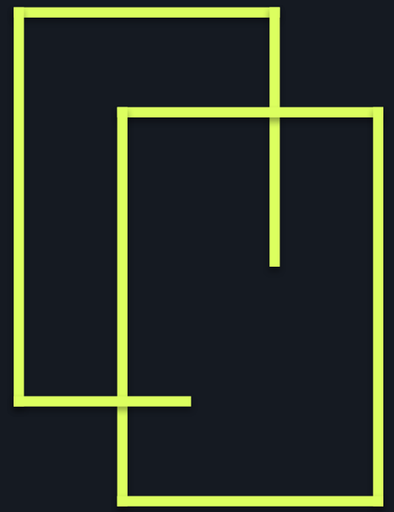

CLOSE

Art care, restoration, settlement and learning.

Scope the role you can truly own.

Next step: an authorized paid-discovery conversation about competence, availability, cost, authority and risk.

- Bring comparable delivered-work evidence and references.
- Identify the conditions you need to deliver well.
- Agree funded scope before recruitment or public credit.

Evidence and terms remain visible.

The plan includes 365 daily records, 53 weekly records, model inputs and program/rights/operations drafts.

Candidate biographies do not establish capacity or willingness.

No staffing, fee, equity or profit-share agreement is made by this deck.

Actual accepted roles and private counterpart details belong in controlled operational records.
